**MRS. HAYDOCK SAVED FROM AN OPERATION**

Followed Advice of Her Druggist's Wife and Took Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to anyone who wants a personal letter. Mrs. E. H. HAYDOCK, 6824 St. Lawrence Avenue, Chicago, Ill.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it, but many women have escaped operations by the timely use of this old fashioned root and herb medicine.

**Have You Pains?**  
**Feel Nervous and Cross?**

HERE IS SOME ADVICE FOR ALL WOMANKIND.

HUNTERVILLE, W. Va.—"After I got out of the hospital I was all run down and suffered from functional disturbances. I suffered with bearing pains and was so nervous I felt as if I would go to pieces. I was so on and easily irritated that my husband said I was as bad as a spoiled child; nothing pleased me. My breath was so short that I could not walk up hill at all or hardly walk up stairs. Having used Dr. Pierce's Favorite Prescription with good results when I came into womanhood, I decided to try it again. I have taken three bottles and am feeling fine again—helped my husband in the fields all summer."—Mrs. Nellie J. Busch.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Inflammation is Removed by the System Within Twenty-four Hours.  
Every drugstore in this country is authorized to sell every rheumatic sufferer that if two bottles of Allenbur's, the sure conqueror of rheumatism, does not stop all aches, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.  
Allenbur's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

**When Failure Hurts the Most**

**Why Are Some People Successful and Others Failures? Why Is One Person Healthy and Happy While Another Is Sick and Gloomy?**

It is because one has pure, rich, red blood, while the other has weak, watery, thin blood which is loaded with waste products. The blood is more important than any of the organs. It is through the blood that the whole human body is directly or indirectly nourished. The body gets its nourishment from the intestines. The intestines also contain waste products—undigested foods, acids, gases and refuse, which sometimes get in the blood.

Need for a permanent headquarters in Washington was voiced Tuesday at the annual meeting of Federal Employees Union, No. 2, which celebrated its installation of new officers with speeches and a dance in the Pythian temple, 1012 Ninth street northwest.

William J. Hendricks, the new president, after being inducted into office by retiring president, Burd Payne, outlined briefly his policy for the coming year.

Full hundred per cent service to the government is the first condition, he said. He urged better organization and that it is far easier to take away the rights of a single unorganized clerk than of 40,000 organized employees. If reclassification falls again, he said, the members of the organization must battle for retention of the bonus in some permanent form.

**The Best Gasoline Costs no More**

**D**URING our many years' experience in producing gasoline we have discovered that the proper blending of basic crudes is necessary for a well-balanced fuel. And our access to practically every developed oil field has insured full utilization of the various types and grades of crude in exactly the proportions needed.

The improved "Standard" Motor Gasoline is produced through the efforts of our Development Department experts. These men have devoted their lives to the study of oil refining and the relation between the properties of oils and the uses to which they are adapted. "Standard" Motor Gasoline represents the fruit of their years of painstaking experimentation. It is uniform in quality, quick-firing, clean-burning. It is the best gasoline obtainable, and costs no more than any other.

The consistent use of "Standard" Motor Gasoline will go far towards correcting many of the more common difficulties of motoring. If your engine overheats or gives off vile exhaust gases, if your cylinders miss or carbonize quickly, if the oil in your crankcase becomes diluted, it is probable that you have been using the wrong gasoline.

Fill up with the improved "Standard". On sale wherever you see the familiar "S.O." sign. Remember—it costs no more.

Similar meetings were held last night in other cities under the direction of the American Association for the Recognition of the Irish Republic.

MacSwiney described how his brother's body was taken from the family by the government and shipped to Cork instead of Dublin as arranged. The services were held at Dublin without the presence of the body.

Drawing a comparison of the friendship between America and China with the fraternal bond between individual men, Dr. Sae-ko Alfred Sae, Chinese Minister to the United States, last night declared before Federal Lodge, No. 1, F. A. M., in the Masonic Temple, that wars between nations will cease when nations adopt the principles now underlying the great fraternal orders.

"If all the nations should adopt the principle laid down by President Harding, that fraternity is understanding, we should have no more wars or cause for wars," said Minister Sae.

He told of the progress of the Masonic order in China and its great influence for friendly understanding between his country and America.
